Skills

HTML • CSS • JavaScript • React • React Router • Context Api • Redux Toolkit • NextJs • TailwindCss • Git • Problem Solving • Teamwork

Projects

Fast React Pizza

Developed a single-page web application for pizza ordering, utilizing React and Redux Toolkit (RTK) for state management and a seamless user experience.

WorldWise: Single-Page Application

Developed a React-based single-page application with React Router and Context API.

Implemented user authentication using a custom local API, allowing users to add and manage their favourite cities and countries.

UsePopcorn: Movie Search and Rating Website

Developed a React-based website utilizing the IMDb API, enabling users to search for their favourite movies, add them to favourites, and rate them out of 10.

React Quiz App

Developed a quiz application using React and Context API. The app features a timer for each quiz, and the questions are fetched from a custom local API.
