• Gojra, Pakistan.

Skills

HTML • CSS • JavaScript • React • React Router • Context Api • Redux Toolkit • NextJs • TailwindCss • Git • Problem Solving • Teamwork

Projects

Fast React Pizza

Developed a single-page web application for pizza ordering, utilizing React and Redux Toolkit (RTK) for state management and a seamless user experience.

WorldWise: Single-Page Application

Developed a React-based single-page application with React Router and Context API.

Implemented user authentication using a custom local API, allowing users to add and manage their favourite cities and countries.

UsePopcorn: Movie Search and Rating Website

Developed a React-based website utilizing the IMDb API, enabling users to search for their favourite movies, add them to favourites, and rate them out of 10.

Experience

Blue in

Front End Developer intern

08/2023 - 11/2023

- Created adaptable designs
